INTRODUCES

THE BEST COMBINED TRAINING AND INSTRUCTION AVAILABLE

Dressage is the basics for every horse and rider. Jumping is a natural instinct. Imagine using combined methods of training to craft the perfect horse and rider!

At Fox Trot Farm, we do just that!

Christina Morris Dressage

"I develop a special partnership by creating harmony, confidence, and willingness. Always try to be fair and honest towards the horse, and in training, sets the horse up for a positive and an educational experience."

Charlotte Gerstenfeld
Trans-Atlantic

"When one understands the mechanics of riding, the dance with the horse becomes fluid and quiet. This dance is the beauty of floating down to a 5'9 oxer, flying over it and cantering away with a smile. We as riders should never forget that every time we sit on a horse we are the main contributor to either educating or un-educating the horse."
